Dear Ms Pike,

The Yarra Park Association has been formed with the goal of removing all car parking from Yarra Park (around the MCG), see <http://www.yarrapark.org>

We note that the current agreement expires 30 September 2010.

During 2008 we will support candidates for Melbourne City Council who have actively supported the MCC's position of removing car parking from Yarra Park.

In 2010 we will campaign in the State seats of Melbourne and Richmond. Our recommendation to voters will be based on the track record of candidates' parties.

We note that the current government is building yet another sports facility, on land which was promised to be public open space (promise made at the time the Tennis Centre was built). It appears your government plans to park more cars on more days on Yarra Park.

Our group would welcome an announcement that the current parking agreement will not be renewed.

Regards,
Nik Dow
Convenor
Yarra Park Association
