Dear Ms Kosky,

The Yarra Park Association has been formed with the goal of removing all car parking from Yarra Park (around the MCG), see <http://www.yarrapark.org>

We note that the current Yarra Park Parking Agreement, signed on 28<sup>th</sup> October 2005 by the then Minister for Planning, provides that "...the Minister... agrees to take action... to (i) achieve further transport improvements to service the needs of the patrons of the Venues;..."

We were wondering if you were aware of any improvements to transport since October 2005 that would "service the needs of the patrons..."?

Regards,
